Subject: Sunnyside Gold Work Plans and QAPPs
[Sunnyside Trans Responses 090415.pdf](#)

Paula,

Attached is Sunnyside Gold Corporation's (SGC) letter of transmittal as well as responses to Agency comments on the draft Work Plans and Quality Assurance Project Plans for the SGC sampling and analytical work in the upper Animas area. The documents have been revised as previously discussed.

The documents are quite large (approximately 27MB), and therefore they have been posted on the Formation Environmental FTP site.

PDFs of the complete revised documents are on the FTP site for download:

<ftp://ftp.formationclient.com>

Account:

Nonresponsive

Password:

Case sensitive, note the zero in the password. It will be necessary to navigate to the folders for the subsurface and multi-media work plans.

If anyone has difficulty downloading the documents, please let me know.

Thank you again for your review and comments.

Pat
